

VARSHA DHAMAL

Fresher

+918600300293 | varshadhamal1000@gmail.com | Rajuri, Maharashtra

Summary

I am a strong candidate for this role due to my solid foundation in HTML, CSS, basic Java and Python which enables me to build well-rounded, dynamic and efficient web applications. My Expertise in HTML and CSS allows me to design clean, responsive and visually appealing front-end interfaces that enhance user experience. On the back end, my proficiency in Python helps me develop scalable systems, automate processes, and manage data effectively. Additionally, my foundational knowledge of Java supports my understanding of object-oriented programming and the development of reliable applications. I am passionate about creating high performance solutions and continuously strive to refine my skills and stay up to date with evolving industry trends.
